Since you might miss me at all those fun meetings next week I thought I would give you a heads up I will be out until July 7th.

Have a good 4th!

-Jennifer

Subject: Comment Clarification

A week or so ago, I sent out a list of Round 2 Report comments that the LWG was requesting clarification on or are subject to future discussions (e.g., stormwater loading methods, PRG development). I have gone through the LWG comments, paraphrased them (always dangerous) and offered up some resolutions. For some comments, I need more information from commenter or additional internal discussion is required. My summary is attached.

Please read through the comment list. If your name is next to a proposed resolution, please let me know whether the resolution is adequate. In some cases, I have requested clarification.

Please look at this by next week's TCT. I would like to go through this table at that time.

Let me know if you have any questions.

Thanks, Eric
